

## QUEER BARRIO with WLTI\*-AREA

We are a broad queer-feminist alliance, comprising of groups and individuals within a varying political spectrum. What unites us, is that we see queer-feminism and antipatriarchal struggles as a necessity for a liberated society.

**At the G20 Summit, we are organising a Queer Barrio with WLTI\*-area on the anti-capitalist protest camp**

### **We anticipate the following:**

A big communal tent for plena with info point, bar, open space for workshops, open stage and chill out area.

WLTI\* protected space with group tents for withdrawal or retreat.

Awareness structures will be presented/available.
